

## AES Technical Bulletin

### Installing a Grill on a Magnum Baby Countryside

**Product models covered:** MagnuM Baby Countryside units (BC-AC & BC-DC)

**Topic:** This technical bulletin will be addressing how to install a grill on the Baby Countryside units, what the part numbers are for each grill, and what tools are needed.

**Part numbers:** BC3525 (Gold) & BC3555 (Nickel)

**Tools needed:** Phillips Screwdriver, two - #10 x 1" fastener (AES supplied).

**NOTE:** Be sure the unit is turned off, and the unit is cold before installing the grill.

#### Procedure:

To install a grill onto the faceplate:

- A. On the faceplate of the biomass unit locate 2 small mounting holes for fastening the grill onto the faceplate. (See photo #2)
- B. Align the grill mounting holes with the faceplate mounting holes. (See photo #2)
- C. Prior to tightening fasteners make sure slots in grill line up with slots in faceplate. If slots do not line up, rotate grill. (See photo #1)
- D. Tighten fasteners until grill is pushed tight against faceplate. Do not over tighten. (See photo #2)
