

Grill Deluxe Black

Part #WIN-3524

used on Winchester units

- Be sure the unit is turned off and is cold before installing the grill.
- To install a grill onto the faceplate locate the 2 small mounting studs.
- Align the grilling mounting holes with the studs on the faceplate of the unit. Make sure the holes in the grill line up with the tubes on the faceplate.
- Tighten nuts until grill is pushed tight against the faceplate tubes. Do not over tighten.
